FY 2009

Dear Valued Customer,

We are proud to present the third annual Maryland Correctional Enterprises (MCE) catalog; a comprehensive listing of our quality products and services. As you know, our market consists of all government agencies, state contractors, and non-profit organizations. This catalog is designed with you, our customer in mind, and offers an easy to use method to select and purchase those items necessary to compliment your office, work area, or any business need.

As the prison industry arm of the Maryland Division of Correction (DOC), MCE provides inmates with much needed work skills and work ethics. Educational requirements and the skills learned in our program improve employability upon release. This statistically reduces the likelihood that ex-offenders with MCE experience will return to the prison system.

In order to maintain our self-supporting status and increase the amount of training offered to our offender population, MCE is dedicated to manufacturing superior products at affordable prices while providing excellent customer service. Our product line varies widely to meet a full range of business requirements such as furniture for offices, reception areas, libraries, dorms, lounges, and outdoor settings. MCE products and services also consist of: furniture restoration, food products, printing/signage, office supplies, textiles, cleaning supplies, mailing and distribution, data entry, warehousing, moving, laundry, and quick copy. Our Account and Customer Service Representatives are available to discuss your needs, while our in-house Design and Installation Team helps with the layout, design, and set-up of your furniture purchases.

Browse MCE's catalog with ease in hardcopy format or online at www.mce.md.gov. Orders can be arranged by phone, fax, or email and we offer a variety of payment methods. Sample upholstery, panel, and textile fabric colors are found on the CD in the back pocket of this catalog, online, or physical samples can be delivered upon request.

Your continued support of Maryland's premier rehabilitative program is greatly appreciated. We look forward to providing you with the highest quality goods and services and excellent customer satisfaction. To better serve the needs and fulfill the expectations of our customers, your recommendations are not only valued, but important in making the MCE catalog more user friendly. Please feel free to contact our Marketing Department online or your Account Representative with any suggestions.

Thanks again for you patronage. Always let us know whenever we can be of service.

Sincerely,

Stephen M. Shiloh, CCE
Chief Executive Officer

MARYLAND CORRECTIONAL ENTERPRISES MISSION STATEMENT

The mission of Maryland Correctional Enterprises (MCE) is to provide structured employment and training activities for offenders in order to improve employability upon release, to enhance safety and security, to reduce prison idleness, to produce quality, saleable goods and services, and to be a financially self-supporting State Agency.

MARYLAND CORRECTIONAL ENTERPRISES VISION STATEMENT

Maryland Correctional Enterprises strives to ensure continued professional development, performance incentive measures and training. We endeavor to employ all eligible offenders and to be a financially successful organization. We will be an integrated, well-managed and technologically progressive organization that will provide our customers with quality goods and services.

Maryland Senate Bill No. 136 passed by the 2005 Maryland General Assembly changed the name of State Use Industries to *MARYLAND CORRECTIONAL ENTERPRISES (MCE)* effective October 1, 2005.

Correctional Services §3-515 states a unit of State government shall purchase from Maryland Correctional Enterprises any goods or services that are available from Maryland Correctional Enterprises and that Maryland Correctional Enterprises can provide at a price not exceeding the prevailing average market price as determined by the Department of General Services.

The prices quoted in this catalog are subject to change with approval from the Department of General Services. Therefore, current prices of individual items may differ from the prices quoted in this catalog, but will be updated on our website @ www.mce.md.gov. The quoted prices are in compliance with preference law and regulation. For additional information, reference Code of Maryland Regulations (COMAR) 21.11.05.

PROCUREMENT FROM MCE AFFECTS YOUR MBE GOAL!

State Procurement Law states the following: In calculating compliance with the certified Minority Business Enterprise goals under COMAR 21.11.03 and for reporting purposes under COMAR 21.11.03.17, a procurement agency may exclude from its total annual procurements the annual dollar value of its contracts with Maryland Correctional Enterprises.

Maryland Correctional Enterprises provides free delivery for our customers in the State of Maryland. For more information, contact our Customer Service Department at (410) 540-5454 or 1 (800) 501-2312.

Graphic deliveries are via UPS (customer pays charges). For more information, contact MCE Graphic Arts Control at (410) 540-5555.

For Textile assistance, contact our Textile Coordinator at (410) 540-5481.

Maryland Correctional Enterprises accepts Visa, Master Card and purchase orders for all of our products and services.

THE CANTON COLLECTION QUICK SHIP PROGRAM

The Maryland Correctional Enterprises Furniture Manufacturing Plant is proud to offer our customers the New Canton Collection Quick Ship Program. These products are made with Melamine surfaces to protect against scratches and watermarks and are edged with both 1mm or 3mm matching PVC tape on all panel edges to increase durability. All drawer boxes are wood grained vinyl clad to enhance their durability, and drawer joints are glued and doweled. All drawers operate with full extension ball bearing slides. File drawers come with metal hanging file systems to accommodate both letter & legal size files. Pedestal boxes are secured with Timberline Lock Systems. L-Shaped desks will have grommet holes (for wire routing) in the desk tops opposite the pedestal box.

THE CANTON COLLECTION

Maryland Correctional Enterprises is proud to offer the NEW CANTON WOOD LINE. These products are made with melamine surfaces to protect against scratches and watermarks and are edged with either 1mm or 3mm matching PVC tape on all edges of panel to increase durability. All drawer boxes are wood grained vinyl clad to enhance their durability. All drawer joints are glued and doweled. All drawers operate with full extension ball bearing slides and all the drawers come with a metal hanging file system for legal or lateral files. All pedestal boxes are secured with Timberline lock systems. All U-Shaped and L-Shaped desks will have grommet holes (for wire routing) in the desk tops opposite the desk pedestal box.

SPECIAL FURNITURE COLOR INFORMATION

Each customer will have the ability to custom accent their order by adding a contrasting edging color to their Desktop & Desk body edges, and Pedestal Box & File Cabinet, Drawer & Door Front Faces for an added distinctive style for both a unique & attractive appearance.

VOLITION

VOLITION is a freestanding desk system with a vast array of sizes, shapes, colors and features. Beyond the simple rectangular work surface, Volition gives the end user the choice of many transition, peninsula and corner work surfaces. In addition, various conference ends and transactional work surfaces can be added. Volition can also be used with most panel systems. Power poles fit neatly into the worksurface grommet to allow ceiling feeding power and data. Optional tool rails can be placed at many different heights to suit the user. A variety of height and width screens in various materials are available to create either a semi-private or a fully private work environment. Wire troughs and cord dumps keep cables organized and out of the way.

The MCE Sales Department will provide information on all of our products. The MCE Design Department will create an attractive, affordable layout based on your office needs. Our Installation Department will coordinate all aspects of your delivery to assure a prompt set up. For more information contact Customer Service at 410-540-5454.

POWERWORKS

POWERWORKS was developed with the worker in mind - the worker whose needs constantly change. A tile system to channel power throughout the workstation is the premise behind POWERWORKS. It supports the altering of entire configurations without disturbing adjacent panels or power and data cables. Stackable panel sections are easily connected to monolithic or segmented panels for personal privacy as required. POWERWORKS is strong and sturdy. And best of all, cost effective.

The MCE Sales Department will provide information on all of our products. The MCE Design Department will create an attractive, affordable layout based on your office needs. Our Installation Department will coordinate all aspects of your delivery to assure a prompt set up. For more information contact Customer service at 410-540-5454.

FREDERICK CHAIR

FREDERICK chair is elegant, well engineered seating. It is made with a breathable, elastic mesh seat and back. This chair evenly distributes body pressure while providing air circulation and eliminating heat build-up. The Frederick chair features support and adjustability that easily adapts to your body's needs. This chair has a Synchro-tilt mechanism with: zero back separation, providing full back support throughout its range of motion, floating-point neutral position, eliminating the need for a separate forward tilt release. Seat slider, adjustable seat depth (2 1/2" travel). Cylinder 3", 3 1/2". Side activated finger-tip tension control, seat height, and tilt lock. Lumbar support - height (3" travel) and depth (2 1/2" travel). Arms - adjustable height (2.85" travel) and width (2 1/4" travel).

SEVERN CHAIR

SEVERN seating is an elegant stack chair solution for guest seating, food service, conferencing and waiting areas. It offers remarkable comfort due to its back flex. Its unique shell, which is contoured and scaled to minimize pressure points, contributes to the Severn Line's exceptional comfort. Its blend of elegant design and affordability makes the Severn Line an appropriate solution for a range of settings.

BEACHLEY FURNITURE

**Beachley and Maryland Correctional Enterprises
An Elegant Partnership**

The Beachley Furniture Company has thrived for 5 generations in the production of quality furniture in Hagerstown, Maryland. Maryland Correctional Enterprises (MCE) has made a worthwhile investment in Maryland's economy and public safety through the training and employment of offenders. Together, MCE and Beachley have partnered to bring our customers the highest quality lounge furniture and a solid commitment to Maryland's future.

MCE is the prison industry arm of the Maryland Division of Correction (DOC). Revenues generated by MCE through the sale of inmate produced goods and services to local, state or federal government agencies, non-profit organizations or contractors of the State of Maryland are used to run and expand our program. MCE Business Units are mirrored after private sector industries to prepare offenders to obtain and keep lasting employment upon release. The combination of education, everyday life skills and detailed craftsmanship that is taught in our Plants has statistically resulted in an increase in employment opportunities and a reduction in repeat criminal behavior among released offenders.

In this partnership, MCE will maintain Beachley's tradition of producing the affordable, classic and comfortable chairs, sofas and loveseats found in this catalog and the MCE Beachley Furniture catalog. MCE's Sales, Customer Service, Design, Installation, Marketing and Fiscal divisions will work diligently to maintain excellent customer satisfaction at all stages of purchasing. The Business Units where the Beachley products are made are run by dedicated Supervisors who care about the quality of our products, while sincere efforts given by our offender workforce illustrates the level of pride taken in each hand-crafted piece of furniture.

DAVID EDWARD FURNITURE

DAVID EDWARD furniture is lightweight, durable, easily cleaned, while comfortable and safe. Our line includes products in a variety of price ranges and hundreds of configurations to suit any space. It is made from the finest hardwoods with providing durability and beauty. Each piece incorporates features like rounded edges to reduce injury, longer arms for easier entry and exit, tough mortise and tenon joiners, a catalyzed varnish finish that remains beautiful for years, and easy cleanup with moisture-proof decking and removable covers.

YOUR MCE ACCOUNT REPRESENTATIVE WILL GLADLY ASSIST YOU WITH
AVAILABLE SELECTION AND PRICES FOR DAVID EDWARD FURNITURE

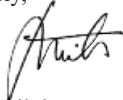

Maryland Correctional Enterprises is excited and pleased to provide you with a high-end seating and lounge solution to meet your furniture needs!

We have recently developed a joint partnership between Maryland Correctional Enterprises (MCE) and David Edward Company whereby MCE procures unfinished, unupholstered and unassembled furniture components from the David Edward Company. The manufacturing process is then completed by our highly skilled inmate workforce at the Maryland Correctional Enterprises workplace. We ensure that the quality of the product is maintained and enhanced as it goes through the entire manufacturing process as 100% customer satisfaction is our ultimate goal.

Truly, we welcome the opportunity to work with another Maryland based company and invite your support in this endeavor. To learn more about the David Edward Collection go to our website at www.mce.md.gov and click the link at the bottom on the home page. If you have any questions, please contact our Customer Service Department at (410) 540-5454.

We look forward to assisting you in your procurement needs and thank you for your continued patronage!

Sincerely,

Steve Shiloh
CEO/Maryland Correctional Enterprises

David Pitts
President, David Edward Company

UNIVERSITY LOFT FURNITURE

**University Loft and Maryland Correctional Enterprises (MCE)
have partnered to bring you limitless selections in dormitory
lounge furniture.**

With several styles, options and upholstery choices, this line is sure to have something for everyone. MCE uses U-Loft's unique wood that is not only environmentally friendly in its growth and harvest, but is also naturally tougher than most hardwoods to pro-long the life of your seating.

The detachable panel design allows for easy disassembly and faster re-upholstery when cleaning or updating your seating. Flexible furniture is a necessity in college dormitories!

BLOCKHOUSE FURNITURE

Blockhouse Furniture Partnership

As the main vendor of residential furniture for Maryland's Colleges and Universities, we are happy to announce the partnership of Maryland Correctional Enterprises and Blockhouse Furniture.

Blockhouse has a variety of lounge furniture to choose from when looking for durable furnishings with high traffic areas in mind. A unique Key-Loc system in most of the lounge pieces allows you to lock cushions into place to reduce vandalism of public furniture. Covers of cushions are also removable for easy cleaning and replacement to extend the life of your lounge furniture.

A. C. FURNITURE - **NEW ITEM**

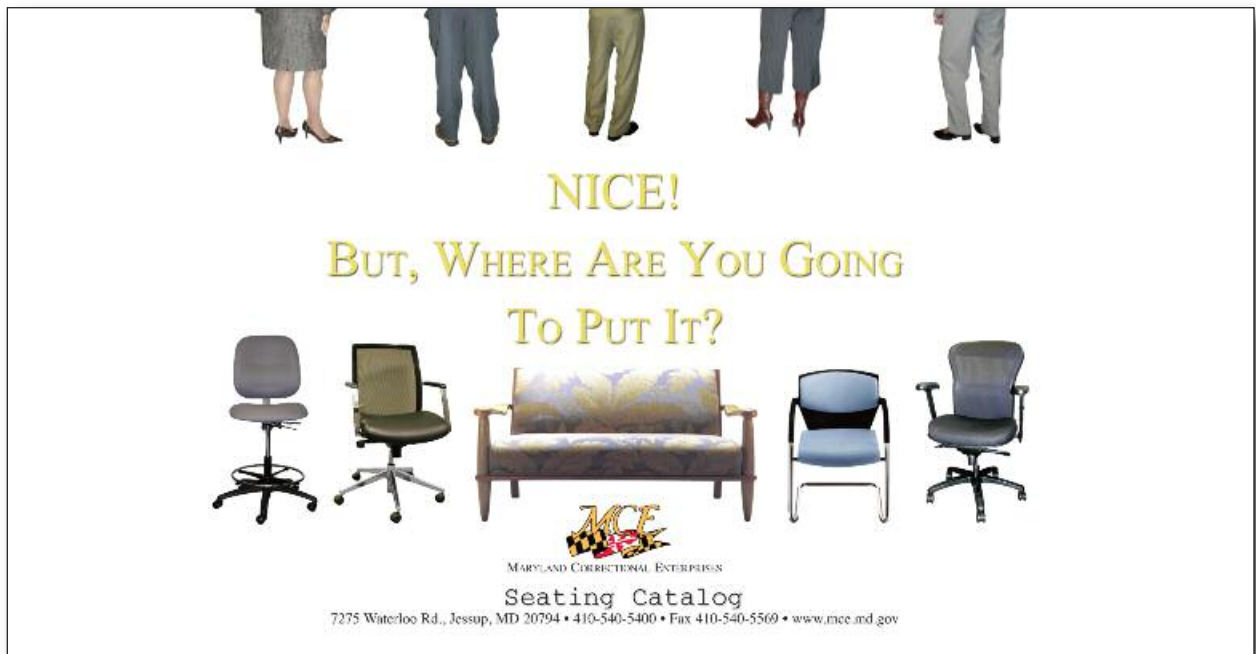

A. C. Furniture Company, Inc. Partnership

We are truly pleased to be a partner with Maryland Correctional Enterprises, offering the largest array of assembled and unassembled frames available from any manufacturer. As one of the largest makers of commercial furniture, supplying the nation's largest hotel and restaurant chains with seating, our frames are generally recognized as the best in the industry.

A. C. Furniture Company has been in business since 1977 and is one of the largest manufacturers of seating for the hospitality, food service, and healthcare markets in the country. We operate 5 factories with over 1,000,000 sq. ft. of production capacity and inventory over 300,000 unfinished, unassembled frames.

NORIX BEAM SEATING BENCH

BEAM SEATING: Frame consists of 2" dia., 14 gauge steel, bent and welded to provide arm or armless in line seating for 1 to 4 people. At each seat location an 11 gauge flat steel plate is welded to the frame to provide strength, support and a mounting platform on which the polyethylene seat is attached. Frame is available as a free standing unit with adjustable glides or fitted with welded tubes for bolt-down installation. Seats are one-piece molded of special formulated fire retardant, high impact polyethylene with UV light stabilizers to prevent fading. The one-piece seat and back have 9 threaded inserts molded in place to provide for tamper-resistant attachment to the base frame.

NORIX MAXIMUM SEATING

NORIX MAXIMUM SEATING: A two component system consisting of high impact polyethylene ribs and powder coated steel or stainless steel frames. Components are designed to be replaceable and assembled in factory or on-site. Ribs: Injected molded polyethylene compound containing U.V. inhibitors and fire retardant additives. Available with or without arms to enable custom configurations. Frame: Constructed of 2 1/2" x 3/8" powder coated steel or stainless steel bar stock legs, formed and welded to two 2" dia. 14 gauge cross bar tubes with end caps. All welds are ground and polished before finishing. Tamper-resistant fasteners located at each end of the crossbar secure the end ribs in place. Frame is available in floor mounted or wall mounted styles. Assembly; Ribs slide over the horizontal crossbar tubes and are tapped into final position with a rubber mallet. End ribs are secured to each crossbar tube in two places with tamper-resistant fasteners. Frames are mounted to either the floor or wall. Floor mounted models may be used free standing for moveable applications.

MCE TABLES IN USE ON LOCATION

For updates visit our website at: www.mce.md.gov

Shown above is a Westover round table with four Alta chairs, located at the Department of Social Services on Reisterstown, Road.

Shown above is a Custom table top, created for the MTA Police Dept., in Baltimore, City.

WESTOVER TABLES

Fixed Leg Table: Bases are constructed of 14 gauge steel tubing and complete with steel end caps, adjustable glides and top mounting brackets.

Folding Leg Table: Bases are constructed of 14 gauge steel tubing complete with end caps, adjustable glides and folding mechanisms. Each mechanism incorporates an aluminum top bar, interlocking handle, and adjustable stability in both open and folded positions. There are no horizontal or diagonal struts or braces to interfere with kneespace when assembled.

Table Surfaces: The table top is 1 1/4" (nominal) thick solid core high density particle board .050" high pressure melamine laminate top surface with .20" backing sheet. Table tops feature stock laminate patterns finished with 1 1/4" vinyl round bullnose molding.

FOLDING TABLES AND CHAIRS

ULTRALITE tables are attractive, lightweight, durable, easy to clean and store. They are made from high-density polyethylene plastic. Although the tables are easy to set up, they are designed for heavy use. They provide the same qualities and flexibility for conferences, social gatherings and a multitude of other functions.

ULTRALITE chairs provide the same qualities and flexibility as the tables and are available separately.

MCE OAK DORM BED AND ACCESSORIES

MCE OAK BED is made from 2" oak lumber vertical posts and top cross members are 3" wide and 1 3/4" thick, bottom stretcher is 5" wide and 1 1/4" thick. Vertical and horizontal edges have a 1/4" radius. Each headboard has a 3/4" hole in top of both posts to accept dowel for conversion into bunk bed. Footboards have holes in bottom of posts.

MCE OAK DRESSER has four 7" drawers. All material is laminated. 1" or 3/4" particle board core with backing surface. Drawer boxes are constructed of 1/2" plywood with dove tailed joints. Drawers have recessed pulls. All exposed ends have 3 mm PVC edging.

MCE OAK DESK WITH CARREL has three pedestal drawers 7 3/8" in height and knee hole space. Panels are made with 1" and 1/2" particle board core with laminate and backing surface. Drawer boxes are constructed of 1/2" plywood with dove tailed joints. Pedestal drawers have recessed pulls. All exposed ends have 3 mm PVC edging. Carrel has one shelf with access holes through back for electrical wiring.

MCE TWO-POSITION ROCKER is constructed of oak lumber with removable upholstered seat and back. 5/8" plywood seat and 1/2" plywood back. All edges are eased.

CUSTOMER TESTIMONIAL...

"Maryland Correctional Enterprises was highly professional from start to finish. Mark Mentz, the MCE Account Representative, was extremely responsive and helpful. Ronnie Reeves, the Upholstery Plant Manager, oversaw the restoration and reupholstering of fourteen pieces of chrome and vinyl seating furniture for us. Each piece was restored to its original appearance with quality workmanship and attention to detail. The results were outstanding. We were also very happy with the restoration of three "well used" wooden desks by MCE. This work was done under the auspices of Steve Shiloh. The refurbished desks are now a pleasure to use in our offices. The delivery team was also prompt and dependable. Professional service, high quality craftsmanship, and unbeatable prices. That is Maryland Correctional Enterprises! There is no reason to go anywhere else."

Nancy Urban
Montgomery Preservation

WOOD PICNIC TABLES AND BENCHES

PICNIC TABLE: Constructed of 1 1/2" black iron pipe welded into a solid base that supports five 2" x 10" x 8' pressure treated planks. The planks are bolted to the metal frame by 5/16" galvanized bolts. The frame is then painted black.

The exposed edges of the 2" x 10" planks are rounded by use of a router. All five planks are sanded to reduce splintering then treated with two coats of acrylic waterproofing sealer to protect the wood and prolong the life of the table. The size, color and shape of the picnic table can be altered to suit any need or space.

PARK BENCH: Constructed of 4" x 7.7 steel "I" beam which serves as the base of the bench and is painted black. Bolted to the base are six pressure treated, 2" x 4" x 6' planks, using twenty-four 5/16" x 2 1/2" galvanized bolts. The 2" x 4" x 6' planks are sanded smooth. The exposed corners are rounded and then two coats of acrylic waterproofing sealer are applied to protect the wood and prolong the life of the bench. The "I" beam has four 3/8" holes in the bottom to allow for securing it to a concrete pad. The size can be altered to suit any need or space constraints.

	DESCRIPTION	UNIT PRICE
	PICNIC TABLE	
	Both have black painted frames

NORIX FURNITURE

DOUBLE WALL & LEG STYLE TABLES: Base is a cylinder style incorporating a “double wall” design. The outer gelcoated shell of fire retardant fiberglass and inner shell combine to form a circular void around the circumference of the base, which is filled on site with ballast. Top: is laminate with Slammer Stone edge. Edge is Pressure fused to the top by penetrating the pores of the particle board, rendering it permanently non-removable. Optional game tops: Checkerboard, backgammon, solitary combination. Optional: Nu-Stone game top only depicts checkers.

***Nu-Stone™ is a seamless one-piece top and edge surface for superior resistance and durability. Top is 1 1/2” thick.**

LETTERHEAD & FORMS

Maryland Correctional Enterprises can create forms that are standardized or very specific, and everything in between. Our carbonless forms (2-part, 3-part, 4-part, 5-part and snapout) give you the convenience of multiple copies while avoiding the fuss of carbon paper. Relevant persons can receive copies of your forms without the mess.

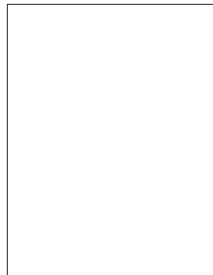

Minimum Orders of 1,000 Impressions

Free Shipping for all Orders over \$25.00 - Orders under \$25.00 have a \$8.00 Shipping Fee

Prices stated in this catalog are subject to change based on Producer Price Index

Full Service Pre-Press, Printing and Bindery, Telephone 410-540-5555

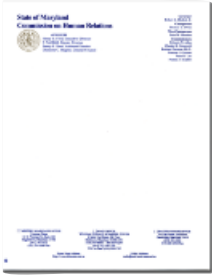

Four Color Process Printing is Now Available, Fax your specifications to 410-799-8604

SIZE CHARTS

HOW TO ORDER A CORRECT SIZE

CHEST

Measure around fullest part of chest keeping tape up under arms and around shoulder blades. Tape should remain loose with 2 fingers of slack allowed.

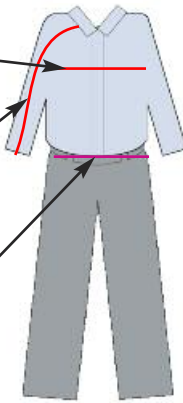

ARM

Bend elbow, and measure from center of neck (backside) to elbow and down to wrist - number of inches equal size.

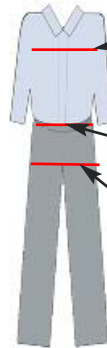

WAIST

Measure around waist over body (not over shirt or slacks) at the height you normally wear your slacks. Keep one finger between tape and body - number of inches equal size.

Men

Women

BUST

Measure around fullest part of bust, keeping tape up under arms and around shoulder blades.

WAIST

Measure around waist over body (not over shirt or slacks). Keep one finger between tape and body.

HIPS

Stand with heels together, and measure fullest part of hips.

*Note: INSEAM

Measure from the highest point of the crotch seam to approximately 1/2" below shoe top level.

Item No. 109JSMTG	200	ANSI III (2L - 5L)	\$49.50

INSULATED COVERALLS

These coveralls are insulated with a quilted lining for additional warmth. Styled with a one-piece collar, zipper-front with snap-closures at the neck and waistband for additional protection, front muff-style pockets, and side-seam pockets. Full-length leg zippers open from top and bottom, allowing easy access to inside pant pockets, as well as over boots. Insulated coveralls are available in three lengths: 28 (Short) for 28"-30" inseams, 32 (Regular) for 31"-33" inseams, and 34 (Tall) for 34"-36" inseams. Please specify when ordering. Refer to size charts on page 152.

FLAGS

Our United States, Maryland and special order flags are all made to meet federally approved standards. These flags are hand cut and machine sewn. They feature brass grommets, color fast nylon and cotton fabrics, canvas heading on cotton flags and Sunbrella heading on nylon flags. All flags can be ordered for ceremonial use. Pole sleeve and gold fringe decking are provided on ceremonial flags. 100% nylon banners with brass grommets finish off this exceptionally well made product. Larger sizes are available as a special order.

NOTE: Nylon flags are for outdoor use. Cotton bunting flags are for indoor use only.

MEAT PRODUCTS

MCE is a large supplier of bulk, institutional meats in the state of Maryland. Schools, hospitals, non-profit businesses and other public facilities count on MCE to provide the highest quality beef, turkey, pork and processed meat products. MCE keeps costs down while ultimately affording hundreds of inmates the opportunity of constructive rehabilitation and the acquisition of useful new skills. Our manager, supervisors and a USDA inspector are on-site daily to ensure the quality of all MCE meat. MCE works with you to develop a schedule of delivery based on your needs and cold storage capabilities.

To be added to our mailing list, and for prices(ask about our specials) and detailed information about our meat products contact:
Mike Fager, Plant Manager at (301) 739-1764.

DATA ENTRY

Our Data Entry Plant, located at the Maryland Correctional Institution for Women in Jessup, Maryland was established in 1988 with eleven inmates. Today the Plant has thirty-six inmates and operates during one shift. Each operator averages about 40,000 keystrokes per day. Currently the Plant averages over one million keystrokes per day. Viking software is utilized which provides high-speed data entry for customers that need to process large volumes of records. Our Plant also uses Microsoft Excel and Word.

The customer provides examples of the project along with data entry procedures and record layouts. The supervisor follows the customer's specifications to create a data entry format, meeting their needs. Examples of the data is entered, verified and tested at no cost to the customer. Once the data is tested and found to be correct, the customer and supervisor will set up a pickup and/or delivery date for the work to begin. Our MCE courier will pickup/deliver your documents at no charge. Please allow the Plant 24 hours notice for your pickup. All documents are kept in a locked area. Only the data entry personnel has access to them.

The supervisor trains several experienced operators on the keying procedures of the project, verifies their work and ensures that they understand the entire scope of the project. These operators then train the remaining operators. When the entire project is complete, the data is extracted under a file name, copied to a diskette and returned to the customer with all documents. The Supervisor provides the customer with an operator's statistics printout log at the end of each month. The log shows the customer the exact amount of keystrokes required to complete their project.
